TO: THE TOWN OF CARY, NORTH CAROLINA ("Owner")

FROM: "BIDDER" Shook Inc.

ADDRESS 4977 Northcutt Place

Dayton OH. 45414

DATE OF BID December 9, 2011

The Bidder hereby signifies that it is his/her/its intention and purpose to enter into a formal Contract with the Town of Cary, North Carolina, to furnish all labor, materials, tools, equipment, apparatus, supplies, and the like required, and to do all the work necessary, for and because of the construction, erection, and/or installation of the proposed "Project":

**Western Wake Regional Water Reclamation Facility – Contract 2 Solids Handling Facility
Town of Cary Project Number SW1123**

for the Town of Cary, North Carolina in accordance with the Contract Documents, including Addenda thereto. There is deposited, herewith, a certified check in the amount of: _____ Dollars (\$ N/A), or a Bid Bond in the amount of five percent (5%) of the total aggregate amount of the Bid, made payable to the Owner, the same to be refunded to the Bidder under the conditions of and in accordance with the terms of this Proposal, which are as follows:

In submitting the Bid, Bidder represents, as set forth in the Agreement, that the Bidder has carefully examined the Drawings and Specifications, permits, geotechnical reports and all other Bidding Documents, and following Addenda, receipt of all which is hereby acknowledged.

| <u>Addendum No.</u> | <u>Addendum Date</u> |
|---------------------|----------------------|
| #1 | 11-10-11 |
| #2 | 11-18-11 |
| #3 | 11-26-11 |
| #4 | 11-30-11 |
| #5 | 12-02-11 |

THAT: The Bidder has carefully examined the site of the Project and is familiar with the conditions under which the work or any part thereof, is to be performed and the conditions which must be fulfilled in furnishing and/or installing, erecting or constructing any or all items of the Project.

[Terms continued on the following page.]

THAT: The Bidder shall provide all necessary tools, machinery, equipment, apparatus, and all other means necessary to do all the work and shall furnish all labor, materials and all else required to complete such Contract as may be entered into, in the manner prescribed in and in accordance with the terms of the Specifications and the Contract and in accordance with the true intent and meaning thereof, and in accordance with the Plans and/or Drawings and the requirements of the Consulting Engineers under them, in a first class manner.

THAT: The rights of the Owner and the recommendations of the Engineer shall not be questioned in the Award of the Contract.

THAT: It is the intention of the Owner to let contracts on the basis of the Bids received in accordance with G.S. 143-129 and in such manner as the Owner may deem to be for the best interests of the Owner.

THAT: The Owner reserves the right to reject any or all proposals.

THAT: The work under each Section will be awarded under one Contract and that the Owner shall have the right to include such item or items as the Owner may deem to be in the best interests of the Owner.

THAT: On being awarded the Contract, the Bidder shall execute a Performance Bond and a Payment Bond, on the forms included herein, each equal to one hundred percent (100%) of the Contract Price (Contract Sum), as security for the faithful performance of the Contract.

THAT: The Bidder shall submit, in the blank spaces provided, all data, guarantees and other information called for.

THAT: This Proposal shall be signed and submitted in the manner prescribed in the Instructions to Bidders.

THAT: Should this Proposal not be accepted by the Owner, the certified check, in the amount of: (\$ N/A) or the five percent (5%) Bid Bond, as applicable, deposited herewith shall be returned to the Bidder. Dollars

THAT: Should this Proposal be accepted by the Owner and the Bidder fail or neglect to execute the Contract and furnish the required Bonds within ten (10) days after receiving notifications of the acceptance of the Proposal and/or receipt of the formal Contract and Bond forms, the certified check, in the amount of: Dollars (\$ N/A), or the Bid Bond, deposited herewith shall be retained by the Owner as liquidated damages, it being understood that the Owner reserves the right to extend the time allowed for executing the Contract and/or furnishing the Bond in its sole discretion.

THAT: The Bidder shall complete such Contract as may be entered into within the number of consecutive calendar days specified in the Contract from the date of the Notice to Proceed.

THAT: The Bidder proposes to enter into a Contract in accordance with this Proposal, the Plans and Specifications and the Contract Documents included herein, for the prices shown on the following pages.

THAT: The successful bidder shall be required to submit a complete detailed cost breakdown of the Lump Sum Bid Price amount (if project is a lump sum bid) for payment purposes, for approval by the Engineer, prior to the Award of the Contract.

[Terms continued on the following page.]

THAT: It is the intent of these Contract Documents to obtain a Contract based on a Lump Sum Price except where Unit Prices are specifically requested. Where a discrepancy exists between words and numbers in the Bid amount, the written words shall govern. Where a discrepancy exists between unit prices and mathematical computations in the Itemized Proposal, the unit prices and quantities in the Itemized Proposal shall govern.

THAT: The successful bidder shall be required to apply for and obtain a privilege license from the Town of Cary, prior to the Award of the Contract.

THAT: The successful bidder shall have all proper Bidder licenses and privilege licenses required under North Carolina state laws governing their respective trade(s).

THE FOLLOWING FORMS AND DOCUMENTATION SHALL BE COMPLETELY FILLED OUT AND SUBMITTED WITH THE BIDS:

BID BOND

This is a Bid Bond that is subject to the provisions of Article 3 of Chapter 44A of the North Carolina General statutes.

This Bid Bond is executed on December 9, 2011.

The name of the PRINCIPAL is Shook, Inc. (1)

Corporation (2)

The name of the SURETY is Liberty Mutual Insurance Company

The TOWN OF CARY, NORTH CAROLINA is the OWNER.

The amount of the Bond is Five Percent of the Amount Bid

(Dollars) (\$ 5% of Amt Bid)

KNOW BY ALL MEN BY THESE PRESENTS, the Principal and Surety above named are hereby held and firmly bound unto the above named OWNER hereinafter called the OWNER in the penal sum of the amount stated above in lawful money of the United States, for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.

The condition of the above obligation is such that whereas the Principal has submitted to the OWNER a certain Bid Proposal, attached hereto and hereby made a part hereof to enter into a Contract in writing, for the construction of:

Western Wake Regional Water Reclamation Facility Contract 2 Solids Handling Facility
Project No. SW 1123

NOW, THEREFORE

- (a) If said Bid Proposal shall be rejected; or in the alternate,
- (b) If said Bid Proposal shall be accepted and the Principal shall execute and deliver a Contract in the form of Contract attached hereto (properly completed in accordance with said Bid Proposal) and shall furnish a bond for his faithful performance of said Contract, and for the payment of all persons performing labor or furnishing materials in connection therewith, and shall in all other respects perform the agreement created by the acceptance of said Bid Proposal, then this obligation shall be void, otherwise the same shall remain in force and effect; it being expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no event, exceed the penal amount of this obligation as herein stated.

The Surety, for value received, hereby stipulates and agrees that the obligations of said Surety and its Bid Bond shall be in no way impaired or affected by any extension of the time within which the Owner may accept such Bid Proposal; and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, the day and year first set forth above.

EQUAL EMPLOYMENT OPPORTUNITY ADDENDUM (“ADDENDUM”)

During the performance of the Contract the Bidder agrees as follows:

- a. The Bidder shall not discriminate against any employee or applicant because of race, color, religion, sex, or national origin. The Bidder shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, sex, or national origin. Such action shall include but not be limited to the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The Bidder agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of the nondiscrimination clause.
- b. The Bidder shall, in all solicitations or advertisements for employees placed by or on behalf of the Bidder, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
- c. The Bidder shall send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract understanding, a notice, to be provided, advising the labor union or worker’s representative of the Bidder’s commitments under the Equal Employment Opportunity Section of the Contract, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- d. In the event of the Bidder’s noncompliance with the nondiscrimination clauses of the Contract or with any of such rules, regulations, or orders, the Contract may be canceled, terminated, or suspended in whole or in part and the Bidder may be declared ineligible for further OWNER contracts.
- e. The Bidder will include the provisions of this Addendum in every subcontract or purchase order unless exempted by rules, regulations, or orders of the OWNER so that such provisions will be binding upon each Subcontractor or vendor.

Listing of the Good Faith Effort

Affidavit of: Shook Inc.
(Name of Bidder)

I have made a good faith effort to comply under the following areas checked:
(A minimum of 50 points must be earned from the following list in order to have achieved a "good faith effort")

- 1 - (10 pts) Contacted minority businesses that reasonably could have been expected to submit a quote and that were known to the contractor, or available on State or local government maintained lists, at least 10 days before the bid or proposal date and notified them of the nature and scope of the work to be performed.
- 2 - (10 pts) Made the construction plans, specifications and requirements available for review by prospective minority businesses, or provided these documents to them at least 10 days before the bid or proposals are due.
- 3 - (15 pts) Broken down or combined elements of work into economically feasible units to facilitate minority participation.
- 4 - (10 pts) Worked with minority trade, community, or contractor organizations identified by the Office of Historically Underutilized Businesses and included in the bid documents that provide assistance in recruitment of minority businesses.
- 5 - (10 pts) Attended pre-bid meetings scheduled by the public owner.
- 6 - (20 pts) Provided assistance in getting required bonding or insurance or provided alternatives to bonding or insurance for subcontractors.
- 7 - (15 pts) Negotiated in good faith with interested minority businesses and did not reject them as unqualified without sound reasons based on their capabilities. Any rejection of a minority business based on lack of qualification should have the reasons documented in writing.
- 8 - (25 pts) Provided assistance to an otherwise qualified minority business in need of equipment, loan capital, lines of credit, or joint pay agreements to secure loans, supplies, or letters of credit, including waiving credit that is ordinarily required. Assisted minority businesses in obtaining the same unit pricing with the bidder's suppliers in order to help minority businesses establish credit.
- 9 - (20 pts) Negotiated joint venture and partnership arrangements with minority businesses in order to increase opportunities for minority business participation on a public construction or repair project when possible.
- 10 - (20 pts) Provided quick pay agreements and policies to enable minority contractors and suppliers to meet cash-flow demands.

The undersigned, if apparent low bidder, will enter into a formal agreement with the firms listed in the Identification of Minority Business Participation schedule conditional upon scope of contract to be executed with the Owner. Substitution of contractors must be in accordance with GS 143-128.2(d). Failure to abide by this statutory provision will constitute a breach of the contract.

The undersigned hereby certifies that he or she has read the terms of the minority business commitment and is authorized to bind the bidder to the commitment herein set forth.

**Re: Biosolids Thermal Drying System
Statement of Modifications
Kruger BioCon Dryer
Kruger Proj. No. 42330733**

Please find herein a statement of modifications for the Kruger BioCon Thermal Dryer system as detailed in Kruger's Scope of Supply dated December 6, 2011.

The following specifications sections have been revised as noted:

11670, 2.6, C – Tubular Drag Conveyers

TDC-3, TDC-5 removed. TDC-7 language changed to "shall transport product from screen to downstream of TDC-2 discharge. TDC-7 shall have one (1) inlet and one (1) discharge.

11670, 2.6, D – Particle Sizer

Remove section in its entirety.

11670, 2.6, E – Screening

Remove section in its entirety.

11670, 2.6, K (page 42) – Fines Blending and Return System

Remove section in its entirety.

In addition, the rotary lobe pumps and associated piping relating to the fines blending and return system (to the scum digester) as included in the CONTRACTOR's scope of supply are no longer needed.

Kruger design revised to include the following in lieu of this equipment:

- One (1) densification and granulation system, inclusive of:
 - Two (2) lump breakers (pre-crusher and secondary crusher)
 - Two (2) sludge hoppers
 - One (1) screw feeder
 - One (1) compactor
 - One (1) vibrating screen
 - One (1) bucket elevator

As project manager Dan is responsible for the overview of all phases of the design and construction process, including planning, pre-construction and construction services, scheduling, coordination of field operations, solicitation and administration of all trade contracts, project budgeting and review, cost control and project reporting to clients.

Project Experience

Lower Jackson Wastewater Treatment Plant River Regulatory Project, Eagle Rock VA - \$14MM

This project consists of the construction of a new 2.6 MGD enhanced nutrient removal wastewater treatment plant consisting of headworks building, reactor basins, clarifiers, aerobic digesters, sludge handling system, cloth media disc filters, ultraviolet disinfection, laboratory/control building, and related process equipment, pumping, piping, electrical work and instrumentation and control system. Valued at nearly \$14 million, this project is partially funded with money made available through the American Recovery and Reinvestment Act of 2009 (ARRA).

Dan is serving as Project Manager. His responsibilities include oversight of all phases of the construction process, cost control, scheduling, material procurement, subcontractor management, contract management, design review and coordination with owner, engineer, construction manager and subcontractors.

Union Rome Wastewater Treatment Plant, Chesapeake, OH - \$23.8MM

Construction of new 3 MGD WWTP based on membrane treatment. Highlights of this project include: influent pumping facility, grit removal, screening, membrane bioreactor tanks and ancillary equipment, septage receiving facility, odor control system, administration building, emergency power system consisting of a diesel generator, sludge thickening via membranes. Overall coordination of electrical and instrumentation, HVAC and Plumbing and systems startup and commissioning.

Dan served as Commissioning Manager. His responsibilities included oversight of plant commissioning phase; development, coordination and implementation of start up plan; design review and issue resolution with owner, designers, equipment manufacturers and subcontractors.

Sand Island Wastewater Treatment Facility Expansion - \$170MM

Two simultaneous contracts included construction of Effluent Pump Station, UV Disinfection Facility, UV Screenings Facility, New Headworks, two 140' diameter clarifiers and related hydraulic structures. Projects involved control of water by jet grout, sump de-watering to injection wells, deep excavation shoring via sheet-pile and steel bracing, precast support piles, 36,000 cubic yards of concrete, UV disinfection equipment, a five story pump station including associated treatment equipment, piping and controls.

Dan served as Project Engineer. His responsibilities included subcontractor management, design review and coordination, scheduling, material procurement, contract management and negotiation, cost controls, and shop drawing review.

Northern Area Water Authority Water Treatment Plant, Tipp City, Ohio - \$15MM

This project is a new 7MGD water plant utilizing nano-filtration membrane softening and associated improvements. In an effort to provide the NAWA Board with a self-sufficient facility, the 22,600 SF plant is fully automated and will only require one full-time shift of plant operators.

Tussing Road Water Reclamation Facility, Fairfield County, Ohio - \$8MM

Shook's contract for general and mechanical construction included site work, foundations, building construction, yard piping, equipment installation, interior piping, and architectural finishes. The plant has a capacity of 4 MGD.

Additional Projects:

- Water Treatment Plant, Lancaster, OH - \$14MM
- Water Treatment Plant, Moundsville, WV - \$16MM
