

**PUBLIC WORKS AND UTILITIES**

November 17, 2006

Ms. Coleen Sullins  
NCDENR  
Department of Water Quality  
1617 Mail Service Center  
Raleigh, NC 27699-1617

Subject: Western Wake Partners  
Draft Environmental Impact Statement  
Project No: CS370616-03

Dear Ms. Sullins:

Regarding your November 9 inquiry as to when the Western Wake Partners would submit a response requested in your letter of October 2, we expect to have preliminary information available for discussion with you no later than the week of November 27. This timeline is predicated upon your earliest availability to meet on this topic being that week.

Following that meeting, a final draft of our response will be prepared for and reviewed by the Western Wake Partners Policy Advisory Committee, with any of their comments being incorporated prior to submitting the official response to NCDENR in mid December.

As was discussed in a phone conversation with CG&L staff on November 9, the Partner representatives at the October 5 meeting have no recollection of committing to a response by the end of October. In fact, the October 17 draft meeting summary sent to Mary Penny Thompson included no mention of such a schedule, which is reasonable given that doing so would not have been possible given our PAC's direction to have such documents reviewed by them prior to submittal. Unfortunately, it was not until your letter of November 9 that the Partners understood that DWQ had such an expectation.

**TOWN of CARY**

Ms. Colleen Sullins
